The Company has four manufacturing facilities, three of which are located in India and one in The Netherlands, with a total installed manufacturing capacity of over 19,819 tons annually. They have a strong and dedicated research team of 18 scientists operating in their facilities in Mumbai and Barneveld. Their established sales and marketing department has separate teams focusing on fragrance and flavour products. Company's sales and marketing teams operate from nine centers located in India, New Delhi, Mumbai, Ahmedabad, Cochin, Bengaluru, Pune, Nagpur, Hyderabad and Kolkata.. Company also has a team of 11 personnel for their fragrance operations overseas. The Company's overseas operations are managed by their offices in The Netherlands, Singapore, Indonesia and Thailand.

During FY15 and Q1FY16, total revenue was Rs. 8,603.31 mn and Rs. 2,239.72 mn, respectively, and net profit was Rs. 643.81 mn and Rs. 206.62 mn, respectively. During the last five financial years, total revenue and net profit grew at a CAGR of 16.5% and 19.6%, respectively. During FY15 and Q1FY16, revenue from domestic sales was Rs. 4,727.76 mn and Rs. 1,424.14 mn, respectively, and revenue from domestic sales in India as a % of net revenue was 56.5% and 64.1%, respectively. For FY15 and Q1FY16, revenue from overseas sales was Rs. 3,612.01 mn and Rs. 791.18 mn, respectively, and overseas sales as a % of net revenue was 43.2% and 35.6%, respectively.

Now in order to reduce certain loans of the company and its subsidiary, the company is coming out with an IPO of Rs. 210.00 crore and also having offer for sale of 16565161 equity shares by existing stakeholders. On the financial front the company has show good performance in the past and also created wealth for its shareholder with RoE of ~13% in the last 5 years. Now as this is the first company under Fragrance and Flavour sector to be listed, it is expected to capture the first mover advantage. The companies has unique business ideas which sets apart from its competitors, a wide spread manufacturing facilities across Vashivali, Vapi and Mulund in India, and Barneveld in the Netherlands gives an equal access to both developed and emerging markets. The company with its set challenges to perform never failed to meet the global quality standard and had been thoroughly adhering to the rules set against the certification issued by the FSSC, the FSSAI and other regulatory bodies. The company is in that set of business where personal preference and liking changes frequently and in order to cater the changing domestic and global customer preference has set up two R&D centres - in Mumbai, India and Pfw Aroma Chemicals Barneveld, Netherlands, dedicated towards discovery and development of new aroma products and processes. On the valuation front, at the higher price band of Rs 180, company is available in the PE of ~31x (annualized quarterly earning), looks like a tad higher but considering the company servicing FMCG sector and strong future prospects valuation is justified and it can be considered as a safe long term bet. Investors are advised to **SUBSCRIBE** to the issue.

Comparison with listed industry peers

There are no listed companies in India which are engaged exclusively in the business of manufacturing fragrances and flavours. Demand for products produced by the company is strongly correlated to the demand from the FMCG sector, and accordingly, the FMCG sector, as such, can be used as a reference for the fragrances and flavours sector.
